Re Sale Of CreditLink Finance.

Dear Shaun & David,

Enclosed is our cheque for £11,500.00 for your expertise, and guidance in the sale of our company, CreditLink Finance.

We would like to express our thanks for the professional way in which you have conducted yourselves during this time, and for the courteous manner of both yourself and your staff, especially David Hudson, our allotted sales manager, who has been instrumental in this sale and who has kept us informed and been with us all the way to its conclusion.

Edna & I have had a long earned break, and are now working quite happily for the new owners of our Company, who, it must be said, are absolutely delighted with their new acquisition, the quality of which happens to be much superior to their own, an admission they have heartily admitted, and which is already paying financial dividends for them, a condition borne out of the agreement by Edna & myself to continue working for the new owners which adds a needed sense of continuity to proceedings, especially during the transition period, a situation which suits both parties perfectly.

Once again, Shaun, many thanks for all your assistance, and we have absolutely no hesitation in recommending to any person considering selling their own business, to engage yourself at Turner Butler as their preferred selling medium. We know you will help them realise their new dreams and goals as quickly & efficiently as possible.

Kind regards,

Yours faithfully

Rob & Edna
