Dear Shaun

### COST REDUCTION GROUP LTD

Following the various trials and tribulations of the last few weeks concluding the buy-out of Cost Reduction Ltd, I wanted to write to express my deep personal gratitude and professional admiration for all your efforts and support.

From the very first moment we spoke, I knew that I was dealing with a very special person. Your passion, your belief in people (and specifically me) and your drive and determination were simply awesome.

Since the age of ten, I have always had a deep-seated dream of running my own business. Shaun, you helped me realise that dream and got me my first step on the ladder. For that my gratitude knows know bounds.

Shaun, many thanks once again and I look forward to keeping in touch with you over the coming months and years. I am sure that we will be working plenty more deals together !

In the meantime, I remain.

Sincerely yours,

**JON LEAR**
