Dear Shaun & Mike

Sale of Doods Brow Private School/Development Property

As you know Ann and I spent 2 years with other agents which failed to produce a satisfactory offer.

We were somewhat taken aback when you felt you could achieve more for the business/property where others had failed us at a lower price.

Once you started your marketing programme I received interest from all over the world and saw the benefits of the structure of the sale you suggested.

The overall sum raised far exceeded our expectations and we were delighted to reward you for a job well done.

We would have no hesitation recommending you to our friends in business.

We are now enjoying live in France and a well earned retirement.

Yours sincerely

Mike & Ann Ryan
