Dear Mike

Sale of Business

Following the completion of the sale of my business I am writing to say how pleased I am with the outcome.

The quality of purchasers you produced for me put me in an enviable position which meant I could choose the best deal for me.

I looked at a number of brokers/agents before selecting Turner and Co and observed your consistent high quality marketing before engaging you. It is always pleasing when you make the right choice.

I would have no hesitation recommending you to colleagues in business.

Thank you for all your help.

Yours sincerely

Roy Matthews
