

Testimonial for Turner Butler

I would just like to thank Terry Collette and his team for their efforts in finding a buyer for my business in this market,we achieved 93.8% of the asking price and are very happy with this and received a number of serious enquiries before accepting the final buyer.We will have a number of other disposals pre retirement over the next few years and will definitely use Turner Butler and Terry again,I think this says more than my words about the quality of service we received
Regards and Best Wishes John leavers 2/12/2008
