Dear Mike

Re: The sale of WestPoint Training UK

On behalf of Anne Howard – Director and myself at WestPoint Training, please pass our sincere thanks to yourself, Shaun Sweeney and the team at Turner & Co., for achieving the sale of our software training business, WestPoint Training UK.

We were delighted in the swift response in taking our instructions, giving a realistic valuation of our business, your advice in talking to prospective buyers, preparing the sales specification and then marketing our business to senior acquisition and merger directors. As a direct result of Turner & Co introducing the right level of people, that were serious in buying us, we sold our business for an excellent price in the fastest possible time.

In total around twenty to thirty senior principles, signed Turners confidentiality agreement and almost half of these people made offers after viewing our business. Obviously we agreed what was the highest of these offers. In terms of their brokerage agreement terms/conditions and fee structure, these were both fair and highly competitive.

May I take the opportunity in again thanking you, for giving us a highly professional service and supporting us in each step of the sale. We will most certainly highly recommend your services to other companies and corporations.

Wishing you every possible success in the future.

Yours sincerely

David R Fish – Director
